**PETITION TO:
GREG STEVENS
NIAGARA RIVER GREENWAY**

I have read and support the goals and objectives expressed by the FRIENDS OF YOUNGSTOWN and the RIVER, TRAILS, ROADS & RAILS subcommittee. Their website (www.FOY14174.com) endorses a process that will safely connect neighborhoods to nature and recreation. The plan recognizes the linkage between a safe roadway, safe pedestrian walkways and safe bicycle trails while acknowledging that the view of the lower river is unique and the dominant element influencing all design alternatives. Therefore, it is important that we connect Youngstown/Porter to:

- 1. The neighborhoods situated in the Niagara River corridor**
- 2. The Village Parks and Fort Niagara State Park**
- 3. The trails in Lewiston and Joseph Davis State Park**
- 4. The scenic views along the Lower Niagara River**
- 5. The proposed and developing trails in Wilson and NYS Parks along Lake Ontario**

And that we share this most “Magical Mile” of the Niagara River with all members of our community while welcoming visitors from across the globe.

My signature on this petition indicates my support and endorsement of this group’s efforts to pursue these plans.
